Circular 2020/2021 No.020

9th October, 2020

Dear Parents/ Guardians,

Arrangements for the S.6 After-school Lesson

According to the circular from Education Bureau, school is required to continue with half-day schooling and should reduce supplementary classes on top of the half-day. If it is inevitable to conduct such activities on top of the half-day classes, students should have their meals within the school campuses.

To avoid the students staying in public areas and to minimize the risk of infection, the school have decided to change the time of S.6 after-school lessons. The after-school lessons will start immediately after school will started on 12th October (Monday).

New arrangement of the After-school Lesson:

8:15 a.m. – 12:55 p.m.	Ordinary Lessons
12:55 p.m. – 1:10 p.m.	Recess
1:10 p.m. – 2:00 p.m.	After-school Lessons
2:00 p.m.	Dismissed

Please also pay attention to the following items:

- a) During recess, students should try to stay in classrooms or other open spaces, sit in single direction and avoid gathering in groups.
- b) Parents can prepare simple food for students if necessary. They are also allowed to eat at their own classroom seats during recess.
- c) Students can buy the food from tuck shop during recess.
- d) For the drop-out students, they can be dismissed at the 12:55 if there is no after-school lessons.

With concerted efforts of different parties, we look forward to overcoming the adversities of the pandemic so that students, teachers and parents can resume normal and healthy lives.

Yours faithfully,

Mr. Law Wai Man
Principal
