Circular 2020/2021 No.060

21st December, 2020

Dear Parents/Guardians,

The S.1-S.5 First Term Examination

The First Term Examination for S1 to S5 students will be held in January, 2021. Attached please find the timetable and the scopes of the examination for S.1-S.3 students for your information. It would be much appreciated if you could encourage your child to work hard for better performance. For the details of the exam regulations, please refer to p.36-p.37 of the Student Handbook. The examination dates are tabulated below:

Level	Date
S.1 to S.5 students	11 th January 2021 (Monday) to 22 nd January 2021 (Friday)

During the test/examination period, students should arrive at school as usual on or before 8:15 am. The dismissal time for some forms may vary according to the duration of the tests/examinations. Please refer to the attached Examination Timetable for details. Students are not required to attend school if there is not any relevant test/examination scheduled on that day. Please pay attention to the following examination matters:

- (1) During the test/examination period, students should arrive school as usual. Senior from students without test/examination in the first session are only required to arrive school 15 minutes before the start of the test/examination.
- (2) All students are required to take their tests as scheduled. There will not be any supplementary test for absentees without reasonable grounds and absentees will be awarded zero mark for the subject concerned. In case of absence from a test due to accident, sickness or other special incidents, call must be made to the general office before the test. Sick leave applications must be submitted together with a medical certificate issued by a medical practitioner one day after the test. Special leave applications must be submitted by parents or guardian in written format three days before the test. School will exercise the discretion on a case-by-case basis. Late applications will not be accepted.
- (3) If a student applies for a causal leave, it will be approved owing to close relatives' marriage, funeral or serious illness and special circumstances. All applications for causal leave should be submitted to class teachers in advance. If the causal leave is granted, a supplementary test/examination will be arranged. All leave without approval is treated as absenteeism.
- (4) For absences with reasonable grounds, the student's score of the supplementary test will be reduced by 20%. Under normal circumstances, all supplementary test/exam must be completed within two days after students back to school. Students with groundless absence, not applying leave with proper procedures or not completing the procedures will be penalized and the scores of the supplementary test/exam will not be counted.
- (5) If EDB has made special announcement on suspension of classes due to inclement weather or special incidents during the test/examination period, the test/examination of that day will not be postponed. The make-up date will be announced after the class is resumed. If it is the last day of the test/examination period, the test/examination will be postponed to the first day after the class is resumed.
- (6) Students must follow the 'Rules of test and examination' and listen to the arrangement of the teacher. If students break the rules, school will consider the severity of the breaches and the mark deduction of the test/examination. In the most severe case, the test/examination result of that term will be cancelled.

If there are any changes, information will be announced via the eClass Parent App and the school's website. Please sign the Reply Slip in the eClass Parent App before 31st December, 2020. Should you have any inquiries, please contact Mr. Chan Kong Keung of the Academic Affairs Committee at 2109 4000.

Yours faithfully,

Mr. Law Wai Man
Principal
